

# There's More Than One Way to Serve Breakfast!

Children who are eating school lunch and not breakfast offer untapped income to schools that may want to increase participation in their breakfast program. Whether starting or expanding a breakfast program, attracting students may be as easy as creating or changing the breakfast options. Here are four ways that schools can serve breakfast:

- ➔ **Traditional Breakfast** - Breakfast is consumed in the cafeteria at the same time for all students or in shifts.
- ➔ **Breakfast in the Classroom** - Breakfast is delivered in to the classroom and consumed in the classroom before school starts.
- ➔ **Grab-n-Go Breakfast** - Breakfast is packaged in bags or containers with all components and is available at sites throughout the school for students to pick up on the go, during break, or during 1<sup>st</sup> period.
- ➔ **Breakfast After 1<sup>st</sup> Period** - Breakfast is served after the first period between classes, and is finished during the 2<sup>nd</sup> period.

If you would like to learn more about these different breakfast service methods, please call School Nutrition Programs at (406) 444-2501.
